FAQ

Membership Questions

Common questions about WORKSPACE memberships

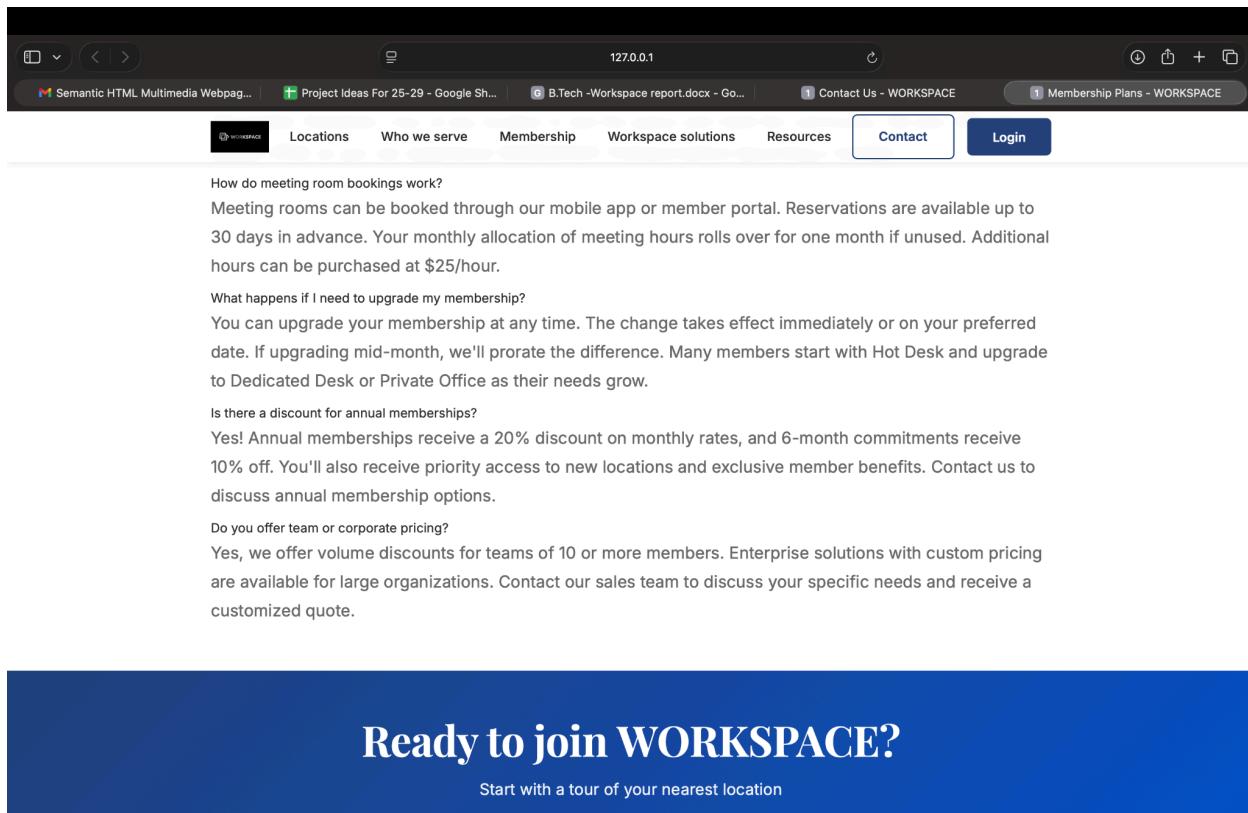

What's the commitment term?

We offer month-to-month memberships with no long-term commitment required. You can upgrade, downgrade, or cancel anytime with 30 days' notice. We also offer 6-month and annual contracts with discounted rates (10% and 20% off respectively).

Can I try before I commit?

Absolutely! Schedule a tour at any location to see the space and meet the community. We also offer day passes (₹35) so you can experience WORKSPACE firsthand before becoming a member.

B.Tech - Coworking Webpage

The screenshot shows a browser window with the address bar set to 127.0.0.1. The page content is a FAQ section for a coworking space. It includes questions about meeting room bookings, membership upgrades, annual discounts, and team/corporate pricing, each followed by a detailed answer. A large blue call-to-action button at the bottom encourages users to join.

How do meeting room bookings work?
Meeting rooms can be booked through our mobile app or member portal. Reservations are available up to 30 days in advance. Your monthly allocation of meeting hours rolls over for one month if unused. Additional hours can be purchased at \$25/hour.

What happens if I need to upgrade my membership?
You can upgrade your membership at any time. The change takes effect immediately or on your preferred date. If upgrading mid-month, we'll prorate the difference. Many members start with Hot Desk and upgrade to Dedicated Desk or Private Office as their needs grow.

Is there a discount for annual memberships?
Yes! Annual memberships receive a 20% discount on monthly rates, and 6-month commitments receive 10% off. You'll also receive priority access to new locations and exclusive member benefits. Contact us to discuss annual membership options.

Do you offer team or corporate pricing?
Yes, we offer volume discounts for teams of 10 or more members. Enterprise solutions with custom pricing are available for large organizations. Contact our sales team to discuss your specific needs and receive a customized quote.

5. FUTURE SCOPE

The current website is developed using HTML, CSS, and basic JavaScript. The future enhancements that can be implemented are:

- Backend integration for form submission
- Database connectivity for memberships
- Online payment gateway integration
- User authentication and dashboard
- Improved responsiveness for mobile devices
- Integration of chat support and live notifications
